

Apun Chemistry

What?

SPAGHETTI FEED AND SCIENCE PRESENTATION

When?

6:00 pm MONDAY, MARCH 4th

Where?

HOPSON MIDDLE SCHOOL Multipurpose Room

Why?

This is a meeting to gather input from the community about a project at Ilisagvik College, where students will study Inupiat knowledge on different snow types, then they will use chemistry and microphysics to learn about the different snow types in the Inupiat language.

**Questions? Please contact Kaare at UIC Science at
907-297-8633 or kaare.erickson@uicscience.com**
